

Companion Animal Clinic of the Sandhills Foundation

Your Community Solution to Pet Overpopulation!

Companion Animal Clinic of the Sandhills Foundation needs your help. The Spay Neuter Veterinary Clinic in Vass, North Carolina has provided spay/neuter service to the Sandhills for one year through the subsidy of the CAC Foundation. Real costs of spay and neuter for animal welfare groups and individuals that cannot afford a private veterinarian are much greater than the fee paid. To keep the Spay Neuter Veterinary Clinic open, CAC Foundation is asking that you consider a donation for 2008-2009.

Over three years the Foundation renovated, equipped, and paid expenses to operate the Spay Neuter Veterinary Clinic. **The result: 4000 spay neuter surgeries for the community were provided in 2008.** Because of demand additional veterinarians and staff were hired. By the end of 2008 the SNVC averaged 38+ surgeries per day.

The success of the SNVC is paramount to ending euthanasia as a means of animal population control. The service provided at the Spay Neuter Veterinary Clinic is reducing local shelter intake. But for a long term solution to animal overpopulation, we must continue providing affordable spay/neuter at the Clinic.

Companion Animal Clinic Foundation seeks donations from various sources; however, it is a very difficult economic environment. Furthermore, people most in need of economic assistance to spay or neuter their pets are the same people most impacted by the downturn in the economy.

Please help Companion Animal Clinic Foundation continue its mission to address animal over-population through affordable spay/neuter at the Spay Neuter Veterinary Clinic with a donation.
